

Dear neighbour,

We are truly in the midst of a strange time. This whole COVID-19/Coronavirus situation has really got the world in a fuss. It's understandable. We are being asked to try to prevent an event that has the potential to cripple our healthcare system and severely harm many vulnerable people in our immediate community and our world. The measures we are going to like self-isolating and social distancing along with the mandates of the government are going to be a greater and greater challenge as time passes.

In light of this new reality, temporary though it may be, we find hope in my faith, in each other, and in our community. Still we are so aware that there are many who are going to be alone and isolated at this time. There are many who may feel abandoned or afraid. Some may be feeling short on resources and pretty low in the faith department.

We would like to offer ourselves to you in this trying time as neighbours and friends. If you are unable to leave the house and you need help getting groceries, if you need to talk on the phone, if you need prayer or support, give us a call. We believe in the power of God to work through acts of love in community and it really feels like we could use a bit of hope and maybe even a miracle in the coming days and weeks of this pandemic.

We will continue to pray for the neighbourhood and will do our best to help out where we can.

Yours truly,
